

EVOLVE SERIES® WHOLE HOUSE FILTRATION

Evolve®

BETTER SCIENCE. BRILLIANT WATER.®

BRILLIANCE FROM YOUR WATER? EXPECT NOTHING LESS.

Whether you experience rust stains, odor, corroded plumbing or just a foul taste, there's an Evolve Series® Whole House Filtration system that can eliminate these problems. Sinks and tubs will have fewer rust stains. Laundry will be more vibrant. Drinking water will taste and smell better. Household appliances and plumbing fixtures will operate more efficiently and last longer.

Every household deserves the right filtration system to provide quality water. As your professional Evolve dealer, we will analyze your water and configure the precise whole house filtration system for your home.

EVFE AND EVS THE CUTTING-EDGE OF WATER FILTRATION.

The EVFE and EVS filtration systems combine a unique air-induction process that oxidizes dissolved iron, manganese or sulfur and a filtration media to effectively remove problem contaminants.

EVFE filtration systems are the perfect solution for filtering stain-causing iron and manganese from your household's water. Staining and discolored laundry will be a thing of the past, while you preserve the life of your plumbing fixtures and appliances.

EVS filtration systems employ a catalytic media to eliminate the rotten egg smell caused by high levels of hydrogen sulfide in your water. This media efficiently absorbs contaminants, and returns your water to the quality you expect.

EVBF CUSTOM SOLUTIONS FOR UNCOMMON WATER PROBLEMS.

EVBF backwashing filtration systems utilize any multitude of filtration media to restore brilliance to your water. Whether you need to neutralize the acidic level of your water, remove high levels of chlorine or eliminate nuisance particles, we will customize the perfect filter for your home.

AN EXTRA SAFEGUARD FOR YOUR PEACE OF MIND.

When you need additional protection against nuisance bacteria, an optional chlorine generator is available for all Evolve filtration systems.

EVOLVE SERIES® FILTRATION SYSTEMS: ADVANCED DESIGN FOR BETTER WATER.

Every component, every feature, every innovation of the Evolve whole house filtration system has been designed to bring the highest quality, most efficient water to you and your family.

Patented IQ² technology is smarter.

- Deep cleaning regeneration only when necessary
- Vacation Mode
 - convenient, money-saving
- System notifications
- Only one moving part for easy maintenance
- Battery back-up
- Monitored and recorded water usage history

High-performance filtration media.

- Filters available for problem water of all kinds:
 - iron
 - manganese
